

TOP 25 IN THE UNITED STATES

Ranked by Gartner Research, 2018

As the economy becomes increasingly global, demand for supply chain professionals continues to grow. The critical link in the value chain for goods, they are experts at purchasing components and finished goods, deciding on manufacturing and warehouse locations, and determining inventory and transportation strategies for worldwide product flows. Students majoring in global supply chain management at the Mike Ilitch School of Business develop the highly valued skills that suppliers, manufacturers and retail buyers of goods worldwide demand.

STARTING YOUR CAREER

Students graduating with a major in global supply chain management can expect employment opportunities to grow at a rate faster than average for all occupations. This is due to the profession's pivotal role in the global economy. The auto industry and other complex manufacturing companies especially value supply chain management skills. Individuals who take advantage of internships prior to graduation will have the greatest employment prospects.

Mean starting salary for global supply chain management majors in the Midwest.....\$56,946*
